

City of Rockingham - Comet Bay Ward - Councillor

GILDERSLEEVE, Courtney

Do you know how to get in contact with your local Councillors? Do you know what they stand for? Have you ever been asked for your opinions and feedback?

Are you aware that currently there is no City of Rockingham Councillor under the age of forty?

It is time for a Councillor with a fresh, youthful perspective, in touch with students, our young workforce and new families. To ensure the future prosperity of our beautiful Rockingham community, we must have a diverse Council, various ages and all walks of life!

As a Councillor for the Comet Bay Ward, I stand for clear, constant and efficient communication with my community. I will ensure a youth space is provided for local students, where safety and fun are the top priority. I stand to see a Secret Harbour Foreshore redevelopment designed by the community and enjoyed by all ages. Let's make some waves!
