

City of Rockingham - Rockingham Ward - Councillor

FOOTT, Mark

I am running as candidate for the Rockingham Ward to build on stronger communities and bring a fresh approach to our City by:

- Encouraging new projects to ensure local jobs
- Working to improve public transport for a safer community
- Providing more services for people with disabilities, the elderly and our children
- Preserving manageable rates so families are not hurting with rising cost of living
- Local measures to tackle unemployment, homelessness and drug related crimes

Our community supports many individuals. I want to ensure that our Council continues to look at opportunities to support families, job seekers and those less fortunate than myself.

As your local voice, I feel I am best placed to represent you on council.
