

## City of Rockingham - Comet Bay Ward - Councillor

### SMITH, Justin

As a family man and a local resident for over 17 years, it has been my privilege to represent Comet Bay since 2013. It has been a very productive time with many of the needs of the community being met. With Council and Chris Elliott's support we have built: Secret Harbour's Surf Club, Docker's Sporting Clubhouse for football and cricket; the Laurie Stanford facility in Singleton for bowls, cricket, soccer, tennis, Resident's Association, playgroup and social club.

More big projects include: Kennedy Bay Development, Secret Harbour All Abilities playground, Singleton and Port Kennedy skate parks renewed and Secret Harbour Primary School Kiss and Drive Improvements. However, this job is not just about big projects, it's about looking after local issues: saving sand dunes, drainage, tree pruning, parking, especially around schools; roads; parks and sporting facilities. With your support I will continue working on issues that are important to you.
