

## City of Rockingham - Comet Bay Ward - Councillor

### HIPKIN, Vikki

I am the mother of a family of young children and I am aware of the impact of council decisions on local families. I aim to represent the needs of working families of the area with fair inclusive policy changes. I believe I know what is important to the families of the local community and I am willing to listen to the idea and needs of this area.

I am an Associate Member of Australian Dyslexia Association (AMADA) who is an experienced Learning Difficulties educator.

Educated through the Australian Dyslexia Association and the Dyslexia Action (Education institution of the British Dyslexia Association).

I also voluntarily administrator the WA and Perth Dyslexia Support Group and I am the WA representative for the National Light it Red for Dyslexia Campaign.

A vote for me is a vote for the families of Rockingham. Help me Help you by supporting me with your vote.
