

City of Rockingham - Rockingham Ward - Councillor

BURNS, Andrew

Fed up with rates going up? Where is the money going?

Rockingham is a growing city, but too much focus and funding is directed toward Baldivis and Secret Harbour. I will push for more focus on Rockingham, Hillman and Coo loongup instead of all funding going to the new suburbs like it does now.

Change is needed, we are being overlooked and along with your suggestions and feedback, we can make a difference to our community.

There are many ways we can attract more tourists, more jobs, help local business, and focus on making our part of Rockingham more appealing. We need another entrance into Woodbridge, more public transport, nicer parks for our kids and the crime rate is way too high.

I know I can make a difference and would be thrilled to have your vote.

A vote for me is a vote for change!
