

City of Rockingham - Safety Bay Ward - Councillor

HAMBLIN, Deborah

Rockingham is the place I've called 'home' for 38 years and I love it. As a current elected member and Deputy Mayor, I understand council operations and our community needs and have used these to get real results, such as Litterbusters, Smartwatch, the upgrade of the Aqua Jetty, increased CCTV coverage and numerous strategies to preserve the amenity of our Safety Bay Ward. I have a genuine desire to support and give back to this community.

I will ensure that:

- **Your concerns are always represented at Council.**
- **Safety is a prime consideration and our reputation as a destination and great place to live is enhanced.**
- **Sustainable boating access is investigated in Safety Bay.**
- **As my work background is in education, local training and employment opportunities for our younger residents are a priority.**
- **We preserve our unique lifestyle and ensure residents enjoy that lifestyle while we continue to grow and prosper.**
