

City of Rockingham - Rockingham Ward - Councillor

O'SULLIVAN, Sarah

My family and I live and work here and I want to see Rockingham go from good to great.

I am sales manager for a local business and want to address items like rates, transparency and costings/spending's, improvements to suburbs Hillman, Coo롱up, Rockingham and Waikiki and I want to hear from these residents to make plans for their communities and neighbourhoods.

High on my list is crime prevention and making these communities safer and supporting those that live here by seeing more tenders land in the hands of local business.

I am prepared to tackle the big issues for you and want to stand for change today, tomorrow and into the future and taking Rockingham from good to great and beyond!
