

City of Rockingham - Rockingham Ward - Councillor

PEASE, Ronald

Your vote for me is a vote for the future of Rockingham. I moved here 18 years ago as the Facilities Manager of Murdoch University and have been actively involved in the community ever since. I am a hard working Justice of the Peace and committed Rotarian, with an intimate knowledge of what is happening in our community. We urgently need better facilities for our residents, especially our young people and seniors, also local business and tourism need to be strongly supported and advocated for to provide local jobs. Our fragile coastline and natural bush need preserving for future generations. My unique qualifications and experience can contribute professionally in this area. I was a proud Military Reservist for many years and am keen to liaise with and strongly support our Navy families, who add so much value to our community. I love Rockingham and will represent "you" strongly and professionally.
