

## City of Rockingham - Safety Bay Ward - Councillor

### ASHTON, Cullum

WILL NEVER VOTE TO INCREASE RATES. Type in Vote Cullum Ashton into Facebook to see photos and videos of the community and I already solving community problems. Here are the goals to be achieved in the next four years;

- 1) Safety Bay will be transformed into a tourism hotspot,
- 2) Initiatives will be created that engage and inspire young people, the homeless, the elderly and,
- 3) Projects will be created & supported to increase jobs for Rockingham residents.

There are approximately 800,000 day trippers spending approximately \$105 each year, totalling \$84 million (Economic Development Strategy 2014-2017). We can increase this by 10% both ways, and approximately \$17 million each year will be added to our local economy creating jobs and opportunities.

Thanks for reading, and please remember I WILL NEVER VOTE TO INCREASE RATES.
