

# SmartWatch Snapshot

Our vehicle based **SmartWatch service** was busy during January – March 2025 and is helping to create safer communities.

## Recent insights include:

Officers responded to **332 requests** for assistance to provide high visibility deterrence while communicating with impacted members of the community.

Over **9,290 hot spot patrols** were conducted, deterring antisocial behaviour in public spaces.

**9,760 fire watch patrols** took place, ensuring eyes on the streets in our bushfire prone areas to identify early ignition and prevent arson activity.

Officers conducted intermittent surveillance on **151 homes**, offering peace of mind for absent residents.
