

RISK ASSESSMENT GUIDELINES FOR COMMERCIAL ACTIVITIES REQUIRING PERMITS ON CITY AND PUBLIC LAND

The City of Rockingham's "Commercial Activities requiring permits on City and Public Land Information and Application Form" provides details of the information required to be lodged with a Traders permit application.

Applicants lodging a permit application are also required to prepare and submit a Risk Assessment.

A Risk Assessment must cover the whole operations of your activity and take into account:

- (a) The identification of all potential hazards posed by your activity;
- (b) The likelihood of consequences/outcomes of these hazards; and
- (c) What is the potential risk of the hazard and appropriate control of identified hazards, i.e. what is needs to be done to eliminate or control the risk e.g. first aid, emergency response and evacuation plan.

To complete a Risk Assessment you can either:

- 1. Complete the following form; or
- 2. Prepare your own Risk Assessment.

Your Risk Assessment must be lodged as a part of your permit application.

RISK ASSESSMENT

| Applicant Name : | Date: |
|---------------------------------------|-------|
| Business Name : | |
| Proposed Activity: | |
| Proposed Locations: | |
| Equipment Being Used During Activity: | |

IDENTIFY ALL HAZARDS, POTENTIAL RISK OF HAZARD AND PROPOSED CONTROLS TO ELIMINATE RISK FOR YOUR COMMERCIAL ACTIVITY- This is to cover all personnel, the public, environment, equipment/machinery and property.

| Why is it a hazard? What could happen? | Level of Potential Risk of Hazard (Use 'Risk Assessment Matrix') | Proposed Solutions (include both long and short term solutions) | By Whom |
|---|--|--|--|
| could result in a serious injury such a broken bones/bruises | Likelihood: Rare Consequence: Major Risk: Medium | Sky Divers must hold relevant qualifications to be able to land in emergency situations. Emergency Plans and procedures are to be in place. A designated Drop Zone is to be mark out, and the Drop Zone Ground Officer is to instruct the public that a landing is to occur. | Permit Holder |

RISK ASSESSMENT MATRIX

What is the Potential Risk of the Hazard?

- Select a likelihood and consequence for the hazard on the Risk Matrix using the definitions to assist.
- Determine your risk level by joining your likelihood and consequence for the hazard on the matrix i.e. low, medium, high or extreme.
- Write your potential risk of each hazard on the form.

| | Consequence | | | | |
|----------------|---------------|--------|----------|---------|--------------|
| Likelihood | Insignificant | Minor | Moderate | Major | Catastrophic |
| Almost Certain | Medium | High | High | Extreme | Extreme |
| Likely | Medium | Medium | High | High | Extreme |
| Possible | Low | Medium | High | High | High |
| Unlikely | Low | Low | Medium | Medium | High |
| Rare | Low | Low | Medium | Medium | High |

| Likelihood | Rare | Only ever occurs under exceptional circumstances |
|-------------|----------------|--|
| | Unlikely | Conceivable but not likely to occur under normal operations; no evidence of previous incidents |
| | Possible | Not generally expected to occur but may under specific circumstances |
| | Likely | Will probably occur at some stage based on evidence of previous incidents |
| | Almost Certain | Event expected to occur most times during normal operations. |
| Consequence | Insignificant | First aid only required |
| | Minor | Minor medical treatment with or without potential for lost time |
| | Moderate | Significant injury involving medical treatment or hospitalisation and lost time |
| | Major | Individual fatality or serious long term injury |
| | Catastrophic | Multiple fatalities or extensive long term injury |
