Type of business structure (caravan, marquee etc.):	
Responsible Catering Vendor person's name:	Ph:
Total stored/used LP Gas at site (Kg)	
<b>Person completing checklist (Catering vendor)</b>	
Name:	Ph:

## Cylinders and regulators

Checklist	Yes	No
Are LP Gas cylinders in good condition? (NOT damaged, rusty or over 10 years old?)		
Have all cylinder connections been checked for leaks? Watch Gas Energy Australia's <a href="#">video on how to connect the new valve to your BBQ</a> .		
Are all LP Gas cylinders located outside in a well-ventilated area and protect from tampering?		
Are all LP Gas cylinders located away from flammable materials and ignition sources?		
Are LP Gas cylinders restrained upright on a level, non-combustible surface?		

## Hose and consumer piping

Checklist	Yes	No
Are all used hoses in good condition (i.e., not damaged, or rusty)?		
Are all hoses in use protected from accidental damage?		
Are all used hoses less than 3m in length?		
Is a trip prevention cover installed?		

## Gas appliances

Checklist	Yes	No
Are all appliance approved for use in Western Australia?		
Are all gas appliances in good working order?		
Have appliances been serviced within the last 12 months by a qualified person? (appliance should have a service label attached show date of service)		
Are all portable gas appliances (ring/wok burners) correctly secured and placed on non-combustible surfaces?		

## Safety procedures

Checklist	Yes	No
Do staff know what to do in an emergency?		
Is there a suitable fire extinguisher and fire blanket handy?		
Has someone been nominated and trained to connect and disconnect LP gas cylinders?
