Needs Assessment		Architectural design or drawings	
Feasibility Study		Engineering design or drawings	
Site Investigation			
Other (please describe)			

11. Describe the scope of works for your project
<i>What will be investigated or produced? What won't be included? What documents will be produced?</i>

12. How will your project be implemented?
<i>What are the steps to producing the Study/design/drawings and who will be responsible for implementing them?</i>

13. Why did you choose your preferred supplier / consultant?

Some things to consider when answering this question include value for money, experience, availability, inclusions and exclusions? Please provide copies of all quotes received according to the Guidelines.

JUSTIFICATION AND STRATEGIC ALIGNMENT

14. Why does your organisation want to do this planning?

What need will the project meet, and how did your organisation determine this need?

15. Which strategic documents support the need for this planning?

These may be documents prepared by your organisation such as a study or Strategic Plan, or documents may have been prepared by your organisation's governing body or state sporting association etc. Please list any relevant documents, and provide either a copy or a link to an electronic document.

16. Why do you want to do the planning this way?

Tell us about the other ways your organisation considered doing the project, and why this option is preferred. Some examples of things to consider are short term vs long term benefit, available time and resources, need for particular skill sets etc

17. What will your organisation use the documents and information for?

As an example, will the project help your organisation to decide if the project will go ahead / to advocate for a facility / for grant funding applications / for starting construction?

18. Which of the City's aspirations does your project align with, and why?

Please refer to the Strategic Community Plan page of the City's website for the Community Plan, Vision and Strategic Objectives.

<https://rockingham.wa.gov.au/forms-and-publications/your-city/our-vision/community-plan-vision-community-aspirations-and-st>

COMMUNITY BENEFIT

19. What are the long and short term benefits of the project?

What are the benefits to your organisation and the Rockingham community?

20. How will the project make infrastructure more available to the Rockingham community?

As an example, will you be investigating a new service or venue that isn't currently available, or investigating how a space could be changed to meet the community's needs?

21. How will the project make infrastructure more accessible to the community?

Some examples of things you could consider are disability access and inclusion, family friendly facilities, increasing female participation in sport etc

CONSULTATION AND PARTNERSHIPS

22. Who will you consult with throughout your project, and what will their feedback be used for?

Groups to consider include members and other groups who use the facility , governing bodies such as state sporting associations or land authorities, neighbours and the community, the City, and groups who have completed similar projects.

23. Are you partnering with any other groups to deliver the project?

If yes, please provide written evidence and describe each organisation's role in the project

24. Are volunteers involved in delivering your project?

If yes, identify which parts of the project they will be involved in.
