About the Tertiary Scholarship Scheme

The Tertiary Scholarship Scheme (TSS) supports eligible Rockingham residents aged 17 and above to complete an Undergraduate University Degree and/or TAFE/VET Diploma for the first time, from a nationally recognised provider (see Definitions).

The City of Rockingham encourages applications from a diverse range of backgrounds, including First Nations people, people with disability, people who speak a first language other than English, and people of all genders.

Scholarship Scheme categories

- Undergraduate University Degree Scholarship: up to \$10,000 per scholarship, equating to \$2,500 per year (\$1,250 per semester), for up to four years or upon completion of Degree, whichever occurs first.
- TAFE/VET Diploma Scholarship: up to \$4,000 per scholarship, equating to \$2,000 per year (\$1,000 per semester), for up to two years, or upon completion of Diploma, whichever occurs first.

Successful recipients are only eligible to receive one scholarship per scholarship category.

Who can apply?

The TSS is available for students aspiring to complete an Undergraduate University Degree and/or a TAFE/VET Diploma for the first time. Scholarship recipients must be enrolling in, or currently enrolled in tertiary education (see Definitions):

- at a nationally recognised provider (see Definitions) at a Western Australian University or TAFE/VET provider to complete an Undergraduate University Degree and/or TAFE/VET Diploma, or
- to complete online studies (see Definitions) at a nationally recognised provider (see Definitions) at an Australian University or TAFE/VET provider to complete an Undergraduate University Degree and/or TAFE/VET Diploma.

Interstate study (see Definitions) may be considered if the chosen course is not available in Western Australia or online. International study will not be considered.

An existing qualification for a TAFE/VET Diploma does not preclude the person from applying for an Undergraduate University Scholarship. Previously attempting to attain a tertiary qualification without successfully completing the course of study does not preclude the person from applying for a scholarship.

Eligibility criteria

Successful applicants must meet the following eligibility criteria:

- City of Rockingham resident for a minimum of three (3) years at the time of the application
- aged 17 and above at the time of the application
- an Australian Citizen or Permanent Resident
- can demonstrate financial hardship for the duration of the scholarship term (see Definitions)
- must provide a letter of offer or evidence of current enrolment at a nationally recognised University, TAFE/VET provider (see Definitions)
- have a minimum of two (2) full semesters (12 months) of study remaining from the Tertiary Scholarship Scheme (TSS) round closing date
- must be completing an Undergraduate University Degree and/or a TAFE/VET Diploma for the first time.

Assessment criteria

If the total amount of funding requested by all eligible applicants in a funding round exceeds the budget allocation for that round, the following assessment criteria will apply:

- limited family support
- clear study pathway linked to career aspirations
- would be the first in family to attain a tertiary qualification
- demonstrated capacity to achieve further education
- involvement in Rockingham community (i.e. volunteering, attendance at Rockingham events, community events/programs)
- projected contribution back to the Rockingham community upon completion of qualification (e.g. volunteering, mentorship, employment opportunities in the City of Rockingham)
- applicant's age at time of application, with preferential weighting to be in favour of younger applicants
- number of full semesters of study remaining from the TSS round closing date, with preferential weighting to be in favour of longer study period remaining.

Please note: Applicants are not required to meet all assessment criteria to apply for a Tertiary Scholarship.

What can I use the scholarship funding for?

Scholarship funds are to be used for living expenses, which may include:

- accommodation (board, rent)
- transport expenses (public transport costs, petrol)
- technology expenses (internet connection, data allowance, purchase of laptop/tablet)
- institution costs (textbooks, Guild fees).

Scholarship funds cannot be used to pay course fees.

When can I apply?

Two scholarship rounds are available each year, which align with semester intake dates and academic calendars of key institutions.

How do I apply?

All applications must be submitted through SmartyGrants online platform, which can be accessed via the City's website.

Late or incomplete applications will not be accepted.

Assessment process

All applicants must meet the eligibility criteria, as stipulated in the Who Can Apply section. Applicants who do not meet the eligibility criteria will not be considered.

Applications will only be assessed if the application package is completed in full and received by the City, along with all required documentation, before the closing date of the scholarship round.

All scholarship applications received are administered and assessed by City officers, in line with the TSS Council Policy.

Selection process

Council is responsible for determining the final recommendations.

Scholarship Agreement

Applicants will be notified of the outcome in writing within 60 working days of the round closing date.

Successful applicants will receive a letter of success and Scholarship Agreement, outlining the awarded amount and any conditions that are associated with the scholarship.

A signed copy of the accepted Scholarship Agreement must be returned to the City within 28 days from the date of the letter of success. Scholarships may be delayed, suspended, or cancelled if signed agreements are not returned to the City by this date. Decision to delay, suspend, or cancel scholarships is at the discretion of the City.

Payment

Funds will be electronically transferred to the successful applicant's nominated account. The first instalment will be made upon receipt of the signed Scholarship Agreement and supporting evidence. Subsequent instalments will be made at the end of each semester upon verification of reporting requirements.

If the successful applicant does not undertake the study conditions outlined in their Scholarship Agreement, all funds must be reimbursed to the City immediately.

Should the recipient amend their study arrangements through the duration of their scholarship, they must immediately notify the City. Changes in study may impact the signed Scholarship Agreement. Such circumstances may require a variation or may cancel an agreement (see Individual Extenuating Circumstances).

**Please note that funding is not paid in retrospect of study previously undertaken.*
