Local Government forwards DAP Application

Within 7 ordinary days from the date the local government receives and acknowledges the DAP application (as shown in **Part B** of the DAP Form 1 or **Part E** of the DAP Form 2), the local government must forward the following information to the DAP Committee Support via large file transfer –

¹ Refer to Schedule 1 of the *Planning and Development (Development Assessment Panels) Regulations 2011*.

Stop the Clock – Further information for DAP Application

The 2015 DAP Amendment Regulations, effective 1 May 2015, empower the local government to issue a notice under regulation 11A (Notice) requiring the applicant to provide certain information or documents. The Notice issued effectively 'pauses' the commencement of the prescribed timeframe until the applicant complies with that notice.

This will ensure that if the local government receives an incomplete application, or if the information provided with an application is considered insufficient, the local government may 'pause' the assessment process until the applicant provides the additional information.

The local government who wishes to apply to 'Stop the Clock' for the DAP Application must:

1. Complete the *Stop the Clock – Further information for DAP Application form*;
2. Issue an Applicant Notice specifying the outstanding information;
3. Submit copies of the above documents within 7 days of DAP application acceptance (**Part B** of the DAP Form 1 or **Part E** of the DAP Form 2 – *Acknowledgement by local government*), together with all supporting application documents to the DAP Committee Support.

Local Government forwards DAP Application Fee

1. Within 30 days of receiving and acknowledging the DAP application, the local government is to remit the DAP application fee via direct credit (electronic funds transfer) to the Department's bank account, as detailed below, with a remittance reference to include the following:

'DAP – LG Name – LG Reference Number – Property Location'

Bank: CBA - IB WA Government Banking Centre

BSB: 066-040

Account Number: 19903039

Account Name: Department of Planning, Lands and Heritage Operating Account

2. The local government is to also send an electronic remittance advice to finance@dplh.wa.gov.au, with a copy sent to the DAP Committee Support daps@dplh.wa.gov.au.
3. The associated DAP fee is outlined in the following schedule -

The estimated cost of the fee is	Fee
not less than \$2 million and less than \$7 million	\$5,603
not less than \$7 million and less than \$10 million	\$8,650
not less than \$10 million and less than \$12.5	\$9,411
not less than \$12.5 million and less than \$15	\$9,680
not less than \$15 million and less than \$17.5	\$9,948
not less than \$17.5 million and less than \$20	\$10,218
\$20 million or more	\$10,486
Minor amendment application	\$241

Note: Above DAP Fees are effective of 1 July 2017 and exempt from GST.

Example: If an application is received with a cost of development exclusive of GST, valued at \$10 million, the associated fee of Item 1(c) \$7,639 applies. The application does not fall into the lower threshold of Item 1(b) as the estimated cost is not 'less than \$10 million'.

4. In determining the relevant opt-in or mandatory financial thresholds and associated DAP fee for an application the total estimated cost of development **excludes** any GST component.

Acknowledgement by DAP Committee Support

The DAP Committee Support will acknowledge receipt of a conforming application by:

1. Sending an application acknowledgement letter to the local government, applicant and DAP members.
2. Liaise with the nominated local government officer contact in respect of scheduling a DAP meeting to determine the application.

If the application is incomplete, it will be returned to the local government with correspondence detailing the application deficiencies, which the local government must resolve with the applicant.

Local Government processing of DAP Application

1. The local government proceeds to process the application in the normal manner as required under its planning scheme, including public advertising of the application (if required) and referral to internal and external departments/agencies.
2. If public advertising of the proposal is required, the advertisement must state that the application is a DAP application, to be determined by the relevant DAP.
3. Local governments are advised to **process the application as a priority to ensure statutory timeframes are met**, especially the deadline for the preparation and submission of the Responsible Authority Report (RAR). The RAR must be received in either 48 days (non-advertised applications) or 78 days (advertised applications). If the DAP does not receive the RAR in time, it is unlikely to determine the application within the statutory timeframe, being 60 days (non-advertised applications), or 90 days (advertised applications). This timeframe commences from the date the application was received and acknowledged by the local government (as shown under **Part B** of the completed DAP Form 1 or **Part E** of the completed DAP Form 2).
4. If the applicant is agreeable to extending the deadline, the local government must complete and submit the *Stop the Clock – Extension of Time for Responsible Authority Report* form available on the DAP website. The Presiding Member of the relevant DAP will then consider this request and the local government will be advised of the outcome.
