### CHARACTER STATEMENT

Settlers East will complete the diversity of a Masterplanned Community at Settlers Hills by providing a unique lifestyle village with a boutique, urban character that draws on its proximity with the Town Centre and echoes its key elements of high quality parks and vibrant, engaging streetscapes without compromising on what makes Settlers Hills special.

The area will be characterised by built form that is contemporary, stylish and easy care, and deliver the key comforts of modern living without sacrificing space, light and open space. The objectives for built form within Settlers East are:

- 1. Active Streetscapes**
  - Articulation of dwellings through use of materials, roof features and other architectural detail,
  - Reduced dominance of garages,
  - Intimate streets through a reduction of front setbacks,
  - Clearly defined and articulated entrances, and
  - Habitable rooms overlooking streets to provide passive surveillance.
- 2. Efficient Dwelling Design**
  - Dwellings designed to maximise solar access,
  - Storage rooms incorporated into the design of dwellings to reduce the need for ancillary outbuildings.
- 3. Parkland and Pedestrian Accessway Interface**
  - Surveillance of parks and accessways by appropriately positioned habitable rooms and/or outdoor living areas,
  - Dwellings designed to 'front' open space areas, and
  - Reducing the visual impact of ancillary development onto parks.
