

The attached map indicates the 1km mosquito fly zone (and 2km) from the mapped standing water areas of the adjacent Anstey Swamp and Paganoni Swamp. Department of Health advice is that sensitive uses (including residential uses) should not occur within the 1km fly zone, however, other non-sensitive uses (including commercial, industrial and some community/recreational uses) may be possible. These matters will be explored further through the District Structure Plan process.
