

SUBURB: Karnup

PAW Code No. K1-R

PAW location:

Connects Redwood Avenue (north) to Charleston Street (south).

Design characteristics:

50m long and 10m wide. Straight and wooden, slopes from south to north. Bollards located at both entrances.

Condition:

Good. Two paths, one located along the eastern edge and one along the western edge. No graffiti, glass, rubbish and sand.

Level of casual surveillance:

Good. Adjacent residential properties overlooking. Low and permeable fencing.

Fencing attributes:

Fenced from adjacent residential properties on the eastern and southern edges. Permeable fencing. Approximately 1.5m high in the north about 1.8m in the south. Limestone base.

Paving:

Concrete paths on the eastern and western edges. Good condition.

Landscaping/ vegetation:

Grass in between the two paths approximately 6m wide. Trees planted in the middle of the PAW running north to south. Well maintained.

Lighting:

Fair. No lighting supplied directly within PAW. Street light located at the Redwood Avenue roundabout. Street light located on the southern side of Charleston Street adjacent to the PAW. Secondary light from residential properties.

Level of usage:

Used by local residents. Serves as an extension of the residential property's front gardens.

Presence of services:

- Power distribution runs down the eastern and western edge of the PAW.
- Sewer runs predominantly along the western side of the PAW. Connections also on the eastern side.
- No water.

2013 Bike Plan recommendations:

PAW is not identified in 2013 Bike Plan.

History: (i.e. reported social difficulties such as vandalism, crime, nuisance and reduced privacy and amenity)

N/A

Additional comments: (local connectivity, quality of alternative routes, impact of closure on alternative routes, access to facilities)

- Alternative routes to Karnup Village Shopping Centre via Redwood Avenue and Charleston Street.
- PAW does not contribute to movement network. Purpose of the PAW is more as a 'pocket park'.
- Contributes to residential amenity.
- Ownership: State of Western Australia

Connectivity grading:
