## Delegated Authority

### Local Government to Chief Executive Officer

## INTRODUCTION

### Purpose of Delegating Authority

A delegation is the conferral of the ability to exercise a power or duty to a person or body from a person or body that is vested with the responsibility to exercise that power or duty. When a person or body exercises delegated authority they do so “on behalf” of the delegator.

The aim of delegated authority is to assist with improving the time taken to make decisions within the constraints allowed by the relevant legislation. This is consistent with the City’s commitment to a strong customer service focus. The register details the related document(s) where the power to delegate is derived from, including legislation and policies of the Council. This enables easier cross-referencing. This delegated authority register will be reviewed in accordance with the Local Government Act 1995 (the Act) on an annual basis. The coordination of the review will be performed through Governance and Councillor Support.

### Legislation

The Local Government Act 1995 (the Act) allows for a local government to delegate to the Chief Executive Officer the exercise of any of its powers or the discharge of any of its duties under the Act except those listed in s5.43. All delegations made by the Council must be by absolute majority decision as per s5.42 of the Act.

### Associated Legislation

Legislation other than the Act, its regulations and the local government’s local laws created under the Act where delegations or authorisations may occur are as follows:

- Local Government Act 1995 and regulations;
- Building Act 2011 and regulations;
- Bush Fires Act 1954, regulations and local laws created under that Act;
- Dog Act 1976 and regulations;
- Food Act 2008 and regulations;
- Health Act 1911, regulations and local law created under that Act;
- Land Administration Act 1997 and regulations;
- Local Government (Miscellaneous Provisions) Act 1960;
- Planning and Development Act 2005 including regulations, and adopted policies.

**Note: This is not an exhaustive list**

## Delegated Authority

### Local Government to Chief Executive Officer

#### **Matters which cannot be delegated**

The following are decisions that cannot be delegated by Council to the Chief Executive Officer as per s5.43 of the Act.

- any power or duty that requires a decision of an absolute majority of the local government;
- accepting a tender which exceeds an amount determined by the local government;
- appointing an auditor;
- acquiring or disposing of any property valued at an amount determined by the local government;
- any of the local government's powers under sections 5.98, 5.98A, 5.99A, 5.99 and 5.100 of the Act;
- borrowing money on behalf of the local government;
- hearing or determining an objection of a kind referred to in Section 9.5;
- any power or duty that requires the approval of the Minister or Governor; or
- such other duties or powers that may be prescribed by the Act.

#### **Delegation by the Chief Executive Officer**

Section 5.44(1) of the Act allows for the Chief Executive Officer to delegate any of the powers to another employee and must be in writing as per s5.44(2). The Act also allows for the Chief Executive Officer to place conditions on any delegations if desired under s5.44(4).

A register of delegations relevant to the Chief Executive Officer and other employees is to be kept and reviewed at least once every financial year as per s5.46(1) and (2) of the Act. If a person is exercising a power or duty that they have been delegated, the Act requires that records be kept whenever the delegated authority is used as per s5.46(3) of the Act.

The record is to contain the following information:

- how the person exercised the power or discharged the duty;
- when the person exercised the power or discharged the duty; and
- the persons or classes of persons, other than council or committee members or employees of the local government, directly affected by the exercise of the power or the discharge of the duty under Regulation 19 of Local Government (Administration) Regulations 1996.

Departments responsible for a work process are to ensure that data is captured and records managed in accordance with all legislation, as well as preparing reports to Council where required under a specific delegation. This includes recording of delegated authority of the Chief Executive Officer where applicable, once approved through a signed authority by the Chief Executive Officer.

A person to whom a power is delegated under the Act is considered to be a 'designated employee' under s5.74(b) of the Act and is required to complete a primary and annual return each year.

There is no power for a person other than the CEO to delegate a power as stated in s5.44(1) of the Act.

**City of Rockingham**  
**Delegated Authority**  
**Local Government to Chief Executive Officer**

**Acting through another person**

**Local Government Act 1995 – Section 5.45(2)**

Nothing in this Division (Division 4 – Local Government Employees) is to be read as preventing-

- (a) a local government from performing any of its functions by acting through a person other than the CEO; or
- (b) a CEO from performing any of his or her functions by acting through another person.

*The key difference between a delegation and “acting through” is that a delegate exercises the delegated decision making function in his or her own right. The principal issue is that where a person has no discretion in carrying out a function, then that function may be undertaken through the “acting through” concept. Alternatively, where the decision allows for discretion on the part of the decision maker, then that function needs to be delegated for another person to have that authority.*

The difference between a delegated authority to exercise a discretion on behalf of the City and acting through another person to undertake a function on behalf of the City where no discretion exists is reinforced by Section 56 of the Interpretation Act 1984 which states –

**56. “May” imports a discretion, “shall” is imperative**

- (1) *Where in a written law the word “may” is used in conferring a power, such word shall be interpreted to imply that the power so conferred may be exercised or not, at discretion.*
- (2) *Where in a written law the word “shall” is used in conferring a function, such word shall be interpreted to mean that the function so conferred must be performed.*

**Acting Through Example:**

Section 5.38 of the Local Government Act 1995 states that “The performance of each employee who is employed for a term of more than one year, including the CEO and each senior employee, is to be reviewed at least once in relation to every year of the employment”.

The Act requires reviews to be undertaken, there is no discretion as to whether they be done or not, therefore it is a function that must be performed. Who must perform the function, the local government or the CEO?

The functions of a local government are identified in Section 3.1, “General Function” and Division 2, (Legislative functions) and Division 3 (Executive functions) of Part 3 of the *Local Government Act 1995*.

Section 5.41(g) of the Local Government Act 1995 (the Act) states that “The CEO’s functions are to be responsible for the employment, management supervision, direction and dismissal of other employees (subject to section 5.37(2) of the Act in relation to senior employees)”.

The CEO to perform the function could include in the job description of an appropriate officer a requirement that he or she shall – “Review the performance of each employee under his/her supervision who is employed for a term of more than one year at least once in relation to every year of the employment”.
