As your current Councillor I have spent the past four years working to deliver the best outcomes for Secret Harbour, Golden Bay, Singleton and Karnup. I have worked to improve services and facilities, been proactive in communication and engagement and am known for getting things done.

As a long-standing resident of Secret Harbour my passion for our community is the driving force to continue being a strong voice on Council. My participation and visibility in our community is something I work hard at and am proud of.

As a Chartered Accountant it is my goal to ensure value for money is achieved from our rates and I have continually voted for lower rate increases for the last four years. I know there are savings to be made in operational budgets.
