G'day all, my name is Jason Davies and I'm determined to bring honesty transparency, and good old-fashioned common sense to the local council. I'm a 35-year-old Panel Beater and father of 4 who's lived in this great city for the past 30+ years and have seen many changes to this great city.

My focus in my quest to become your next councillor is giving the public more access and accountability by promising regular engagement with the public, and promoting regular, constructive platforms so you can actively comment and criticize on how you'd like the council to best represent you.

My focus is on getting into how we can better manage finances for local infrastructure to ensure that the council is wisely investing your rates into current and future infrastructure whilst cutting out the waste to ensure a bang for your buck council.

I'm also looking towards long-term serving for the City of Rockingham to gain the best outcome for all who call Rockingham home.
