I have lived in Baldivis for 21 years and Rockingham for 31. I am a teacher, business and home owner, Defence Force wife, volunteer and mum, so I understand Baldivis. My focus is backed by strong governance experience: current Baldivis Councillor, Vice President History Teachers Association WA, 17 years of management in education.

It has been my privilege to support and serve this community through the COVID emergency working through the tough times by ensuring the safety of this community through careful planning. I've advocated for greater road safety, supporting our community groups, protecting our penguins and our green places. I support growing amenities for all groups especially families and the vulnerable. As a teacher I'm invested in our future through our young people and our fragile natural environment.

I am committed to asking the hard questions, and with your support I pledge to serve, listen and advocate for you, your family and our community.
