My life experiences position me well toward being a quality Councillor.

I have proudly served for periods over five decades in the RAN with recent engagements as Department and HR Manager for Submarine Logistics, HR Officer for the Fleet Support Team-WA, and most recently the Hospitality and Catering Officer at HMAS Stirling. My final engagement was with the Navy Well-Being Team up to my semi-retirement.

My passion as a photographer also saw me create, manage and operate a small business in Rockingham - PhotoCoffee, a popular coffee lounge and gathering place for like-minded artistic residents.

My interests include Veteran support with a strong desire to represent both current and ex-serving Defence personnel and families - my other interests are the arts, health, sustainability, multiculturalism and tourism.

I am keen and excited to listen to ideas and opinions to represent our community and voice considerations toward best possibilities and opportunities for the people of Rockingham.
