

WASTE

GREEN WASTE BIN

WASTE BIN

RECYCLING BIN

Collected fortnightly by Suez's trucks

Collected weekly by City of Rockingham waste trucks

Collected fortnightly by Suez's trucks

Pre-sorted at Suez's Organic Resource Recovery Facility, Bibra Lake

Contamination is sent to landfill

Millar Road Landfill Facility

Waste and bin contamination is received for landfill

Suez's Material Recovery Facility, Bibra Lake

Contamination is sent to landfill

Composted at Suez's North Bannister Resource Recovery Park

Waste is buried into landfill. Organic matter decomposes in the landfill causing methane gas.

Recyclables are sent to be manufactured into new products

Compost

Landfill methane gas is generated into electricity which meets the annual electricity needs of 3,535 average WA homes.
