

# Permitted dog beaches

in the City of Rockingham

**Permitted dog beaches provide owners and their dogs with a scenic space to run, swim and socialise with other friendly dogs.**

Please remember that some people, particularly small children and the elderly, may find encounters with dogs intimidating.

Please be considerate of others and help ensure these shared spaces remain enjoyable for everyone.

The same rules apply at permitted dog beaches as in any other area where dogs are allowed on or off-lead.

Owners are responsible for ensuring their dogs remain under effective and safe control at all times.
