AMENDING MOTION

Moved by: Cr Jon Strachan

Seconded by: Mr Terence Tyzack

To amend the wording of Condition No. 1 to read:

“This approval relates only to the development as indicated on the approved plans, dated 5 September 2013. It does not relate to any other development on this lot and if the development of the subject of this approval is not substantially commenced within a period of four years from the date of the decision letter, the approval shall lapse and be of no further effect. Where an approval has so lapsed, no development shall be carried out without the further approval of the responsible authority having first been sought and obtained.”

REASON: To provide clarity and certainty in setting the terms of commencement for the proposed development.

The Amending Motion was put and CARRIED UNANIMOUSLY.

AMENDING MOTION

Moved by: Cr Jon Strachan

Seconded by: Cr Andrew Sullivan

To delete Condition No. 2 and renumber subsequent conditions.

REASON: The proposed facade design is well considered and appropriate to the context.

The Amending Motion was put and CARRIED UNANIMOUSLY.

AMENDING MOTION

Moved by: Cr Jon Strachan

Seconded by: Cr Andrew Sullivan

To amend the wording of Condition No. 3 to read:

“The design and construction of the development is to meet an equivalent NABERS rating for energy efficiency. In addition the applicant will demonstrate to the satisfaction of the Chief Executive Officer that the new build part of the development will achieve a high level of water efficiency, natural light and indoor air quality above the rating of a standard building.”

REASON: The NABERS ratings are a requirement of building compliance and will need to be complied to proceed.

The Amending Motion was put and CARRIED UNANIMOUSLY.

AMENDING MOTION

Moved by: Cr Jon Strachan

Seconded by: Cr Andrew Sullivan

To delete condition No. 7 and renumber subsequent conditions.

REASON: The windows of the adjacent building are non-permeable, do not light living spaces and are partially screened by proposed sunshades such that overlooking is not an issue. The Amending Motion was put and CARRIED (3/2).

1. This approval relates only to the development as indicated on the approved plans, dated 5 September 2013. It does not relate to any other development on this lot and if the development of the subject of this approval is not substantially commenced within a period of four years from the date of the decision letter, the approval shall lapse and be of no further effect. Where an approval has so lapsed, no development shall be carried out without the further approval of the responsible authority having first been sought and obtained
2. The design and construction of the development is to meet an equivalent NABERS rating for energy efficiency. In addition the applicant will demonstrate to the satisfaction of the Chief Executive Officer that the new build part of the development will achieve a high level of water efficiency, natural light and indoor air quality above the rating of a standard building.
3. All air-conditioning plant, satellite dishes, antennae and any other plant and equipment to the roof or balconies of the building shall be located to be not visible from the street, and where visible from other buildings or vantage points shall be suitably located, screened or housed, to the satisfaction of the Chief Executive Officer, City of Fremantle.
4. Prior to occupation, the boundary walls located on the north-western and south-eastern boundaries shall be of a clean finish to the satisfaction of the Chief Executive Officer, City of Fremantle.
5. Prior to occupation of the development, the car parking and loading area(s), and vehicle access and circulation areas shown on the approved site plan, including the provision of disabled car parking, shall be constructed, drained, and line marked and provided in accordance with Clause 5.7.1(a) of the City of Fremantle Local Planning Scheme No.4, to the satisfaction of the Chief Executive Officer, City of Fremantle.
6. Heritage works hereby approved shall be undertaken in a manner which does not irreparably damage any original or significant fabric of the

heritage buildings. Should the works subsequently be removed, any damage shall be rectified to the satisfaction of the Chief Executive Officer, City of Fremantle

7. Prior to the submission of a Building Permit, the applicant is to submit to the City details of the following, to the satisfaction of the Chief Executive Officer, City of Fremantle;
 - a. Details of internal works proposed for the provision of internal plumbing, electrical and safety services and how the impact on the heritage fabric of the existing place will be minimised; and,
 - b. The details of any treatments to internal surfaces, materials, finishes or replacement of existing fabric that may be necessary for the provision of other services that may impact on the heritage fabric of the place but are necessary for the achievement of other conditions included in this approval.
 - c. Detailed documentation of the proposed sky deck area and a materials and colours schedule of the existing building and new addition, noting the requirement that the colour of the shade fins should not result in a dominant feature.
8. Prior to occupation, the design and materials of the development of the new building portions shall adhere to the requirements set out within City of Fremantle policy L.P.P2.3 - Fremantle Port Buffer Area Development Guidelines for properties contained within Area 2. Specifically, the new annex development shall provide the following:
 - a. Glazing to windows and other openings shall be laminated safety glass of minimum thickness of 6mm or "double glazed" utilising laminated or toughened safety glass of a minimum thickness of 3mm.
 - b. Air conditioners shall provide internal centrally located 'shut down' points and associated procedures for emergency use; and
 - c. Roof insulation in accordance with the requirements of the Building Codes of Australia.

The Primary Motion (As Amended) was put and CARRIED UNANIMOUSLY.
