Purpose of Report

For Council to appoint members and deputies to the following Standing Committees –

- Planning and Engineering Services Committee
- Corporate and Community Development Committee

Background

Council has operated with a committee system for a number of years to assist Council in exercising its duties and powers under the provisions of the Local Government Act 1995.

Details

The following information on the committee system is contained within the Councillor's Manual produced by the Department of Local Government, the WA Local Government Association and the Local Government Managers Association WA.

1 Committee System

Section 5.8 of the Local Government Act 1995 permits a Council to establish Committees. The function of a Committee is dependent upon its establishment purpose and can only deliberate upon matters within its authority. In some cases it may be limited to only making recommendations to Council, in others the full authority to make decisions may be delegated.

A Council is not obliged to have any Committees.

1.1 Types of Committees

A local government may establish a committee of 3 or more persons to assist the Council and if required exercise some of its powers and duties. The Local Government Act provides for various types of committees, comprising:

- Council members only;*
- Council members and employees;*
- Council members, employees and other persons;*
- Council members and other persons;*
- Employees and other persons; or*
- Other persons only.*

There are limits on delegating power to Committees, which are detailed under Section 5.17 of the Local Government Act 1995.

A Council member is entitled to be on at least one committee consisting of Council members only or Council members and employees. Section 5.10 of the Local Government Act 1995 set out the rules for committee appointments.

1.2 Membership and Term of Office

Committee members are usually appointed by the Council at the first Council meeting following the biennial local government ordinary elections.

If a committee has position(s) for Council members and the Mayor or President wishes to be a member of that committee then the local government is to appoint the Mayor or President to be a member. The same principle applies if the CEO wishes to be appointed to a committee that has an employee representative.

Each Council member is entitled to be a member of at least one committee which consists of Council members only or Council members and employees. If a Council member nominates himself or herself to be a member of such committee(s) then the Council is to include that person on at least one committee, but the local government decides through voting who is elected to a Committee.

Committee members must elect a presiding member from amongst themselves. Where a Committee includes employees and other persons, neither the Mayor / President or any other Council member has automatic right to chair Committee meetings.

Standing Orders Local Law

The City of Rockingham Standing Orders Local Law 2001 contains the following information on Committees:

PART 18 – COMMITTEES OF THE COUNCIL

18.1 Establishment and Appointment of Committees

A committee is not to be established except on a motion setting out the proposed functions of the committee and either:

- a) the names of the Council members, employees and other persons to be appointed to the committee; and*
- b) the number of Council members, employees and other persons to be appointed to the committee and a provision that they be appointed by a separate motion.*

18.2 Appointment of Deputy Committee Members

- 1) *The Council may appoint one or more persons to be the deputy or deputies, as the case may be, to act on behalf of a member of a committee whenever that member is unable to be present at a meeting thereof and where two or more deputies are so appointed they are to have seniority in the order determined by the Council.*
- 2) *Where a member of a committee does not attend a meeting thereof a deputy of that member, selected according to seniority, is entitled to attend that meeting in place of the member and act for the member, and while so acting has all the powers of that member.*

Comments

Due to the increase in Council membership to 12, it is proposed to increase the composition of both Standing Committees from five to six Council Members.

These Committees have no delegated authority to make a decision (non-procedural), with recommendations being referred to Council for deliberation. Therefore all Councillors have the opportunity to participate in the decision making process.

Notwithstanding that a quorum for a standing committee meeting is three members, there is greater potential for robust committee recommendations when a full complement of committee members are available. Each Committee member will be allocated a direct deputy member should they be unable to attend a meeting.

The following are meeting dates and times for November and December 2021:

November

Monday 15 November 2021	Planning and Engineering Services Committee	4:00pm
Tuesday 16 November 2021	Corporate and Community Development Committee	4:00pm

- The council is to elect a Council Member (other than the mayor or president) to fill the office.
- The election is to be conducted in accordance with the procedure prescribed by the mayor or president, or if he or she is not present, by the CEO.
- Nominations for the office of Deputy Mayor are to be given to the person conducting the election in writing before the meeting or during the meeting before the close of nominations who will announce a time for close of nominations, which will be a sufficient time after the announcement that nominations are about to close.
- If a Council Member is nominated by another Council Member, the person conducting the election is not to accept the nomination unless the nominee has advised verbally or in writing that they are willing to be nominated for the office.
- Nominees for the position shall have the opportunity to address the Council for ten minutes per person prior to the election vote. A further period of five minutes may be granted to each nominee if the majority of the Council so agree.
- The Council Members are to vote on the matter by secret ballot using the first past the post system of voting.
- The votes are to be counted and a successful candidate determined, in accordance with the procedures for a normal election, except where there is an equality of votes between candidates with the greatest number of votes. In the case of an equality of votes the matter is not to be considered further and within a period of not more than 7 days later, a special meeting of Council is to be held.
- Any nomination may be withdrawn or new nominations, in writing, may be received before or when the Special Meeting of Council commences.
- If a further election for Deputy Mayor needs to be held the Council Members are to vote again on the matter by secret ballot as if they were voting at an election.
- If there is again an equality of votes so that a successful candidate cannot be determined, the person conducting the election will draw lots to determine which candidate is elected as Deputy Mayor.
- The person successfully elected as Deputy Mayor must then make a declaration in accordance with section 2.29 of the Local Government Act (1995) before acting in the office.
